# Bob Earl, PE

Harris & Associates has hired Bob Earl as the Northwest Regional Manager.

Bob's career spans over 30 years leading, planning and executing municipal, commercial and industrial programs and projects. His expertise is public works engineering; capital improvement and operations management; design and construction of roadway and air transportation facilities; water, wastewater and stormwater facilities; and public buildings.

## Highlights of Bob's career:

- 15 years consulting in U.S. and abroad
- 15 years in public works in Washington and California
  - ✓ Public Works Director & City Engineer for City of Bainbridge Island, WA.
  - ✓ Senior Project Manager for City of Bremerton, WA.

## Notable projects:

- \$15 million WWTP Upgrade for City of Bainbridge Island, WA.
- \$5.7 million Callow Basin Combined Sewer Overflow Reduction, City of Bremerton, WA.
- \$102 million Terminal 2 Reconstruction for Los Angeles International Airport, CA.
- \$440 million infrastructure project in Riyadh, Saudi Arabia.

Bob will focus on organizing systems, resources and information to deliver cost effective, high quality solutions to your needs.

## Did you know?

Bob is an aviation enthusiast who earned his pilots license in 1979. He has since flown numerous trips around the U.S. (including in Hawaii and Mexico). His next goal is to fly into the Experimental Aircraft Association air show in Oshkosh, WI.

Harris specializes in serving the professional service needs of public agencies, institutions and private clients. We have 16 offices located throughout the Western states.
