

YOU HAVEN'T SEEN IT ALL...

David Breen, PE, CCM

Harris & Associates has hired Dave Breen as the Manager of Construction Management for the Northwest Regional Office in Bellevue, Washington.

Dave's career spans 35 years of diverse experience in engineering, construction and environmental project management, operations management, estimating, and cost/schedule control. Dave is currently leading the Harris team on various construction projects, some of which include the City of Snoqualmie's New City Hall, City of Blaine's New Wastewater Treatment Plant and the City of Kent's Grade Separation over BNSF tracks.

Did you know?

Dave's work has taken him all across the U.S. and around the world to more than 20 countries and logging over 1/2 million miles. He has spent over eight years working overseas in Japan, Ecuador, Russia, England and Saudi Arabia.

“Dave brings a solid background in construction and claims management to lead our NW CM group. His recent accomplishments include leading the CM team of an APWA award winning \$30 million wastewater facility in King County, Washington. Dave understands how to work collaboratively with the contractor and the owner to produce the most successful results.”

- Vern Phillips, PE - Northwest Regional Manager
